

2021-2027 Mid-Term Review (MTR) - Outcome

*Oksana Zikuna, DG REGIO
Unit F3 "Poland"*

2021-2027 Mid-Term Review (MTR)

2 decisions amending the FEnKS programme:

- C(2025)3620 of 28 May 2025: with the flexibility amount confirmed and creation of EUR 310 million RESTORE priorities, and
- C(2026)1271 of 19 February 2026 creating three additional priorities, two for dual use and military mobility (ERDF and CF), and one for energy (ERDF), as well as new project type in the healthcare sector.

2021-2027 Mid-Term Review (MTR)

Communication COMMUNICATION “A modernised Cohesion policy: The mid-term review” COM(2025) 163 final was published on 1 April 2025.

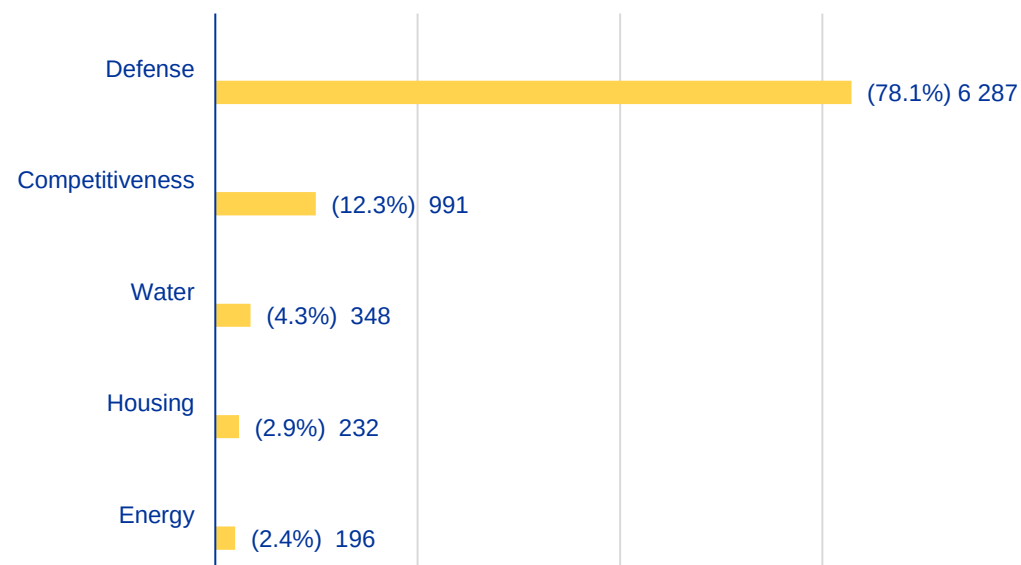

The legislative package (Regulation (EU) 2025/1914) following the Communication entered into force on 20th September 2025 and strengthened investment in 5 key priority areas - strategic technologies and competitiveness, defence, affordable housing, water resilience, and energy transition.

.

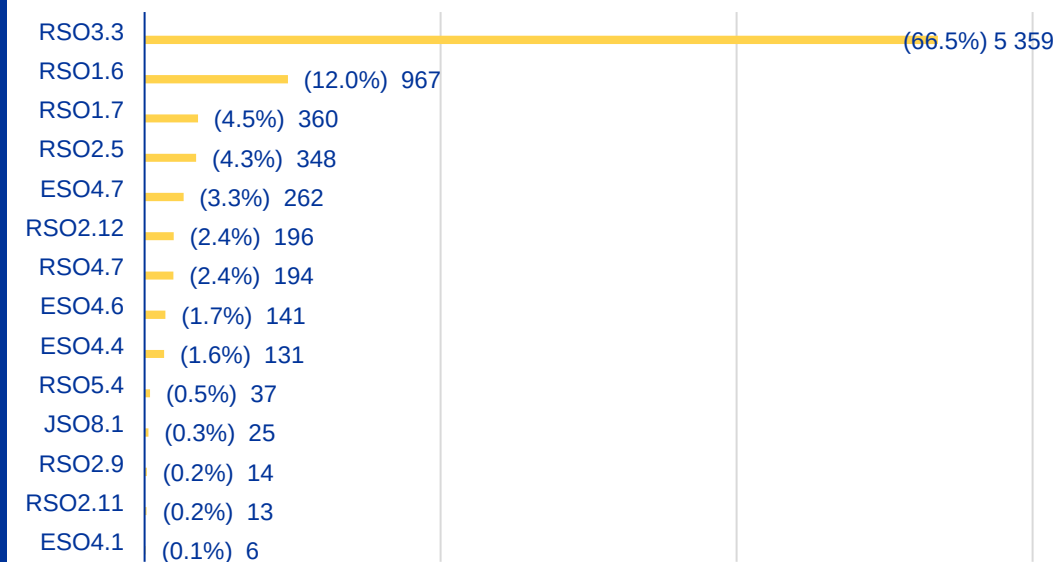

MTR 2 Outcome - Poland

Poland was allocated EUR 75 460 million of cohesion policy funding for the period 2021 – 2027. Through the mid-term review it reallocated EUR 8 054 million to new priorities.

Reallocation to MTR Priorities (€M)

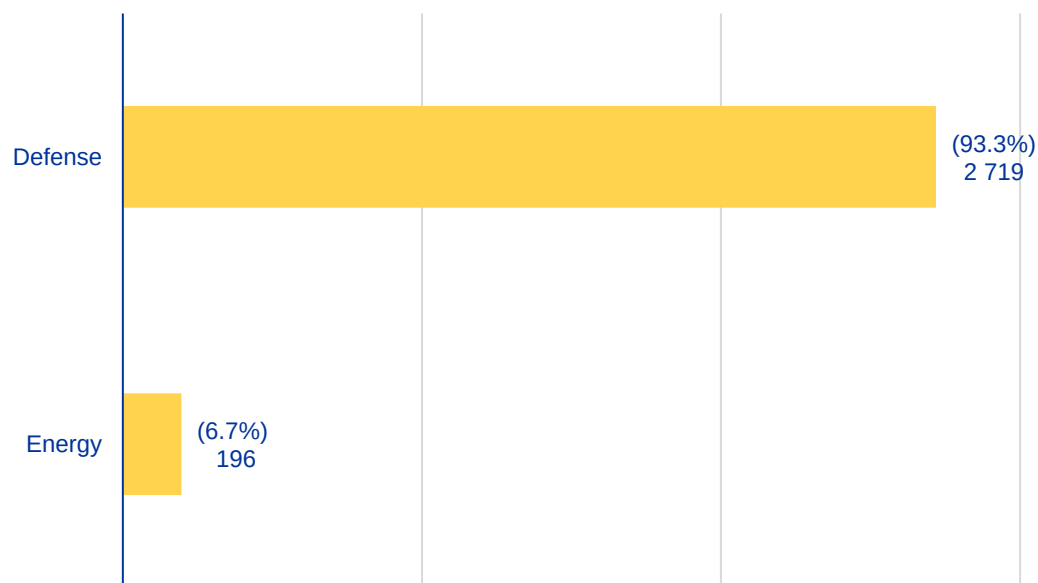

MTR Reallocation by Specific Objective (€M)
